EXPERIENCE

Team Gourmet USA — *Designer & Developer*

Seattle, WA | MAY 2021 - AUG 2022

Headed rebranding of both digital and print media along with complete redevelopment of official Ecommerce site theme based in Shopify.

Expedia Group — *Lab Manager*

Bellevue, WA | SEP 2017 - DEC 2019

Areas of responsibility included Research Ops, Research Archive Development, A/V + IT Services, Lab Support, Software training and Communications.

Cornish College of the Arts — *XRI Toolset & Gallery Developer*

Seattle, WA | JUN 2017 - SEP 2017

A WebGL based virtual gallery and interaction toolkit built in Unity, commissioned by Cornish to provide a browser/HMD based experience for displaying student and faculty work for virtual exhibitions. GitHub

Cornish College of the Arts — *ADFM IT Assistant*

Seattle, WA | SEP 2015 - MAY 2017

Provided basic IT support for the ADFM department computer & digital print lab, assisted with small projects and gallery AV tech prep for student shows.

Venom Game Labs — *Level Designer*

International | DEC 2012 - APR 2016

Developed several guide levels while moving towards implementing environment & atmospheric standards set out by previous lead level designer.

EDUCATION

Cornish College of the Arts — *BFA, Design*

Seattle, WA | SEP 2015 - MAY 2017

Built a strong core in traditional design skills with emphasis on web, UI/UX and emerging tech. Capstone project was a full game demo and studio brand guide.

Columbus State — *AAS, Interactive Media*

Columbus, OH | JUN 2010 - MAY 2013

Foundational degree with practical hands-on experience with traditional, web, 2D and 3D media. Primary focus was in 3D Art and Animation.
